OUR POLICY

The issue of respecting the rights of our learners at Lambton Christian School and the implementation of this policy is of paramount importance to the School and is one of the cornerstones of this policy. It is a principle of the policy that the School will work as closely as possible with the parents and other stakeholders of learners in implementing the policy.

The increase in the use and distribution of drugs throughout South Africa, and particularly among the country's youth, is a cause for concern for, schools, parents and stakeholders. The availability of a variety of drugs is widespread and affordable. The media continue to reflect the seriousness of the situation with regard to addiction and substance abuse.

As part of a greater community Lambton Christian School confronts issues head on and deals with them in a structured and considered manner, in partnership with the parents of the School to ensure the best for their children. Substance abuse is detrimental to one's physical, social, emotional, mental and spiritual health and often has a detrimental effect on those close to the user. The concept of a healthy lifestyle will, at all times, be propagated and encouraged by the School.

THE PURPOSE OF THIS POLICY

To protect and assist any individual learner by outlining the approach taken by Lambton Christian School which includes:

- Expulsion;

- The use, possession and/or dealing of any illegal drug is strictly forbidden.

If the behaviour of a learner, or any other circumstances indicate that he/she may be using, possessing or dealing in an illegal drug, the matter will be dealt with in accordance with the process outlined in this policy.

In the event of the above offences being committed in the environment described, the School will have the right to expel the learner immediately and to report the matter to the SAPS.

TESTING FOR ILLEGAL DRUGS

In accordance with section 8A of the South African Schools Act of 1996 the Executive Head of Lambton Christian School or his/her delegate may administer a urine or other non-invasive test to any learner or group of learners that is on fair and reasonable grounds suspected of using illegal drugs. To the extent possible the consent of the parent and the consent of the learner will be obtained. However, the School reserves the right, as contemplated in section 8A of the Schools Act, to test for illegal drugs without such consent.

The School will be in control of the testing programme. The costs will accrue to the parents.

All searches will be conducted in a manner that is reasonable and proportional to the suspected illegal activity. Where a search entails a body search of a learner, such search may only be conducted by a person of the same gender delegated by the Principal. A body search includes a visual search and a "pat down" body search. Anybody search will be conducted in a private area and not in view of another learner.
