CODE OF CONDUCT

The following will serve as a guideline to our school's approach to maintain effective discipline at LCS.

1. Objectives

The main purpose of our discipline system is to encourage and promote appropriate behaviour by using positive incentives. The focus is on the obtainment of merits and rewards.

2. Management

Effective management of our Merit/Demerit system requires commitment and support from educators, learners and parents. Parents are encouraged to support the school's discipline program.

3. Merit System

Merits can be earned for the following:

- Displaying Christ-like characteristics (politeness, honesty, helpfulness, consideration, co-operation etc).
- Positive attitude, effort & participation in school work.
- Being a good ambassador to the school.
- Monthly Scripture memory verses memorised.
- Excellent effort made in a task/oral/project.
- Good work done in exercise books
- Good progress in spelling/bonds/table tests
- Co-operative behaviour
- Enthusiastic participation in school functions.

4. Discipline

“Obey them that rule over you and submit yourselves” Hebrews 13v17

Discipline is much more than control or punishment – it is what is done **for** a student, not to him. Training for leadership requires consistency in love and discipline of a student. We will not accept a student unless we are given parental permission to issue necessary punishment to that student when the need arises.

If your child comes home complaining about a policy of discipline, please adhere to the following procedure:

- Give the staff the benefit of the doubt: “Foolishness is bound in the heart of a child, but the rod of correction shall drive it far from him.” *Prov.23v13-14*
- Realize that your child’s reporting *may be emotionally biased* and may not include all the information: “Train up a child in the way that he should go and when he is old he shall not depart from it” *Prov.22v6*
- Realize that the school has reasons for all rules, and that they are *enforced without partiality*: “Children, obey your parents in all things, for this is pleasing to the Lord.”
- *Colossians 3v20*
- Support the Administration and *call the school for the facts*.

The discipline will be firm, consistent, fair and tempered with love.

Disrespect, towards staff or fellow pupils, is therefore viewed in a serious light, and will be dealt with under the school's correction policy.

Please support the school and staff by administering correction in a loving manner, should the need for such discipline arise.

PREGNANCY POLICY

As a Christian school we will treat our learners with grace but will ensure that the reputation of the school and its staff and learners are protected at all times. In the event of a learner from our school falling pregnant, the school will deal with the matter in the following way:

1. Learner and Parents

- A learner who is pregnant or has reason to believe she may be pregnant should inform someone in the school immediately, preferably a senior educator. A learner who is aware that another learner is pregnant should also immediately inform the school.
- As soon as the matter has come to the schools attention, either from the student herself, her parents or another person, the parents and student will be contacted to come in for an interview with the Pastor and the Principal. In such case as the learner has not informed her parents, the matter will be dealt with confidentially and parents or guardians will only be informed and involved after consultation with the learner involved.
- Parents and guardians may not be absolved of their responsibilities regarding their pregnant child. Parents and guardians should therefore ensure that the school is timeously informed about the condition of their child, ensure that she attends a health clinic, and that reports are communicated to the school.
- Each situation will be treated individually and all parties will have an opportunity to state their concerns.

2. The School

- The learner will then not be allowed to attend school once she has reached her 4th month of pregnancy (16 weeks) until after she has had the baby and must produce a medical report declaring that she is fit to resume classes. The learner must also be made aware that, after childbirth, the rights of the newly born baby must be protected, and she should be able to demonstrate to the school that proper arrangements have been made for the care and the safety of the child.
- The school will not discriminate against the learner, however, the pregnant learner should also understand that some members of the community might not readily accept and be supportive of their situation because of the value systems to which they subscribe.
- The learner will be allowed to resume class work after the birth of the baby upon receipt of a medical certificate clearing her for resuming her studies (minimum 6 weeks).
- The learner may, however, only resume attendance at the school one year after the birth of the baby.
- The school will strongly encourage the learner to continue with her education prior to and after delivery of the baby
- The learner may do work at home and bring the completed work to school between 14:00-15:00 hours to be scored.
- Termly reports will be issued as per normal.
- The learner will be required to attend counselling session provided by the school. The sessions will be compulsory for the learner if she intends continuing class work whilst she is pregnant or if she intends resuming attendance at the school after the birth of the baby.
- A record of these counselling sessions will be kept on the learners personal file
- At no time whilst the learner is pregnant should she wear the school uniform.

- Parents will still be liable for school fees for the duration of their daughter's pregnancy and suspension period.
- In the case of a learner falling pregnant due to immoral behaviour, if the learner does not stop this behaviour she may be asked to leave the school.

3. Other learners

- Once a learner or her parents or guardian has informed the school that a learner is pregnant the children from grades 4-12 will be informed of the situation.
- They will be informed that the learner has contravened Biblical principles and the school
- Learner Conduct Policy. To protect their reputations and the schools' the learner will not be allowed to attend the school until at least one year after the birth of the baby and then only if she has followed the criteria of counselling and stopped any immoral behaviour.
- Learners will be informed that the pregnant learner has not been expelled, but has been asked to do class work for a time at home and that she may resume attendance after the baby has been born.
- Learners will be informed that although we do not condone this behaviour, we still love the learner according to John 8:1-11, and will provide spiritual support through counselling as well as academic support as outlined above.

COVID-19 POLICY (Where applicable)

The following policy has been generated by the school for the procedures relating to 2019- NCOV the National Health Act 61 of 2003, the Disaster Management Act 61 of 2002 and the State of Emergency 64 of 1997.

This policy will be regularly updated in line with The South African Health Department's advice and as needed and where applicable.

Human Coronaviruses are most commonly spread from an infected person to others through:

- The air by coughing and sneezing
- Close personal contact such as touching or shaking hands
- Touching an object or surface with the virus on it then touching your mouth, nose or eyes.

What are the prevention measures?

- There is currently no vaccine to prevent Covid-19 disease
- Wash your hands with soap and water for at least 20 seconds
- Use alcohol-based hand sanitiser if soap and water is not available
- When coughing or sneezing, cover your nose and mouth with a flexed elbow or tissue
- Avoid touching your eyes, nose and mouth with unwashed hands
- Clean and disinfect objects and surfaces that are frequently touched
- Avoid close contact with other persons.

Current situation

As we all learn to live with this pandemic, we will all need to realize that some of us will contract the virus, but the success in fighting it will be in the cohesive team-work of abiding by a set of procedures that will allow us to do everything in our power to keep all of us safe.

To achieve our common objective Lambton Christian School has implemented strategies which include:

Implementation of Standard Operating Procedures related to COVID-19 which include:

- Screening
- Management of symptomatic persons
- Management of potential exposure
- Enhanced social distancing measures
- Enhanced hygiene measures
- Obligatory reporting of Covid-19 symptoms.

Please note:

- Although Lambton Christian School will provide hand sanitizer, we request that all learners have their own supply of hand sanitiser as well.
- Each child is required to wear a mask while at school. No mask = no entry to the school.
- The tuck shop will not be open for the foreseeable future. Learners will need to provide their own break time snacks and drinks. No food is allowed to be shared between learners.
- We will be screening the learners daily. This will be facilitated by our staff on a daily basis.
- Social distancing will be practiced in all classrooms and other venues throughout the day.
- No learners, staff or other persons presenting with any symptoms related to Covid-19 will be allowed on the premises. Any person presenting with such symptoms will be required to leave the premises as soon as practically possible.
- No learners or other persons who have been instructed or advised by a medical professional to either isolate or quarantine will be allowed on premises. This may apply in situations where another person in the direct household has been advised to isolate/quarantine.
- It is important that we use common terminology and we therefore emphasise that throughout this document and subsequent communications the following will be used:

Quarantine – the separation of a person or group of people reasonably believed to have been exposed to a communicable disease but not yet symptomatic from others who have not been so exposed, to prevent the possible spread of the communicable disease.

Isolation - the separation of a person or group of people known or reasonably believed to be infected with a communicable disease and potentially infectious, from those who are not infected to prevent the spread of the communicable disease. Isolation for public health purposes may be voluntary or compelled by federal, state or local public health order.

Symptoms of Covid-19 - fever, chills, muscle pain, headache, sore throat, new loss of taste or smell, difficulty breathing, coughing and diarrhoea.

Learners attending school

- All learners are to be dropped at the school gate from 7h20. No early arrivals are allowed.
- No parents to exit their vehicles, only learners may enter the premises to come to school.
- Report to hall for screening No learner may enter the classroom without being screened. Any learner with a temperature of 37,4°C or above will be taken to the isolation area.
- Late arrivals will be escorted by staff to the waiting area where they will WAIT to be collected by a staff member to be screened before entering class.
- No meetings to take place in meeting venues unless approved by the Director.
- Parents need to make an appointment before hand to see any staff member of the school, no walk in meetings will take place on the school premises.

Students and Academic Staff Procedures

Protocols are to be followed strictly to enable:

- early and timeous identification and diagnosis of students at risk of COVID-19 infection
- early referral for appropriate treatment, care and timeous return to school of affected students
- the protection of other unaffected students and staff members at the school.

Recommended Procedure:

- Students should be screened for COVID-19 related symptoms at the designated areas to be pointed out by the involved staff members, e.g. there is going to be a checkpoint for screening before students can enter their classes
- Symptoms should be reported to the Covid-19 officer immediately
- Symptoms include fever of 37,4°C or above, coughing, sore throat and shortness of breath
- Should a student report any of the above-mentioned symptoms, they should immediately be referred to the holding area so that arrangements can be made for parents to collect. Covid-19 testing at the closest testing centre, is to be done by parents or family member.
- On receiving their results, the student or her parents should notify the school administrator, who will notify the Covid-19 officer, so that the scenario can be managed accordingly
- All students, on returning to school after isolation or a quarantine period, must have a relevant doctor's note and this must be submitted to the relevant principal who will issue written confirmation that the student may return and should follow general restrictions that will include:
 - wearing of a fabric mask at all times while on the school campus
 - implementation of social distancing measures
 - adherence to hand hygiene, respiratory hygiene and cough etiquette
 - inform the teacher who will inform the Principal should respiratory symptoms recur or worsen.

Students with current flu-like symptoms:

Isolation Room

- Students will be taken to the isolation room where they will be monitored until the student is fetched by parents or a family member.
- The isolation room will be situated at the conference room.
- All students in isolation will be monitored in the designated isolation area until the student can be collected by parents or a family member
- After a student has left the isolation room, it will be sterilized/decontaminated and cleaned with the required sanitizers to prevent the virus from remaining on surfaces
- There is only one cleaner appointed to clean the isolation room in order to further prevent the spread of the virus
- The isolation room is a short-stay room and is only there to accommodate a student for a short period of time while they wait for their parents or a family member to come and fetch them.

Fabric Face Masks:

The use of a fabric face mask forms part of the official uniform list and acts as a preventative measure against COVID-19. Parents are liable to provide these masks to their children and not the school.

Guidelines when wearing a mask:

- Face masks should never be touched when wearing them; students and staff should avoid touching their faces with their hands
- Students and staff members should not lower the face masks when speaking, coughing or sneezing
- The inner side of the face mask should not be touched with their hands
- Wash face masks with soap and water, and allow to dry.
- It is compulsory that students and staff wear masks at all times when on the school premises.
- PLEASE NOTE: The mask must be washed daily by the parent.

Hand Washing:

- Washing of hands is a critical part of preventing the spread of the virus
- Students and staff are advised to wash their hands often with soap and water especially before and after eating, after blowing their nose, coughing or sneezing, going to the toilet and whenever their hands are visibly dirty
- The use of hand sanitisers is recommended only if soap and water are not readily available
- Hand sanitizers will be supplied by the school, but students MUST also bring their own hand sanitizers to school.

Visitors to the school will be by appointment only. If you need a face to face meeting, please contact the school secretary and the Principal will decide if the meeting is

required. Payments office will be open, parents will be screened before entering the premises.

This confidentiality will never be breached by staff members, except to healthcare professionals on a "need-to-know" basis. DRUG POLICY

DEFINITIONS AND DESCRIPTIONS

Illegal drug - any unlawful substance that has a psychological or physiological effect (including alcohol); or any substance having such effect that is possessed unlawfully. Deal in - in relation to a drug, includes performing any act in connection with the transshipment, importation, cultivation, collection, manufacture, supply, prescription, administration, sale, transmission or exportation of the drug.

OUR POLICY

The issue of respecting the rights of our learners at Lambton Christian School and the implementation of this policy is of paramount importance to the School and is one of the cornerstones of this policy. It is a principle of the policy that the School will work as closely as possible with the parents and other stakeholders of learners in implementing the policy.

The increase in the use and distribution of drugs throughout South Africa, and particularly among the country's youth, is a cause for concern for, schools, parents and stakeholders. The availability of a variety of drugs is widespread and affordable. The media continue to reflect the seriousness of the situation with regard to addiction and substance abuse.

As part of a greater community Lambton Christian School confronts issues head on and deals with them in a structured and considered manner, in partnership with the parents of the School to ensure the best for their children. Substance abuse is detrimental to one's physical, social, emotional, mental and spiritual health and often has a detrimental effect on those close to the user. The concept of a healthy lifestyle will, at all times, be propagated and encouraged by the School.

THE PURPOSE OF THIS POLICY

To protect and assist any individual learner by outlining the approach taken by Lambton Christian School which includes:

Expulsion; Disciplinary process and/or Rehabilitation and counselling.

APPLICATION OF THE POLICY

The policy applies to:

- The possession, and/or use and/or distribution of any illegal drug by a learner whilst on Lambton Christian School property, in school uniform or while involved in any school activity which includes any official educational, sporting, cultural, recreational or social activity of the School within or outside the School premises.
- The use, possession and/or dealing of any illegal drug is strictly forbidden.

If the behaviour of a learner or any other circumstances indicate that he/she may be using, possessing or dealing in an illegal drug, the matter will be dealt with in accordance with the process outlined in this policy.

In the event of the above offences being committed in the environment described, the School will have the right to expel the learner immediately and to report the matter to the SAPS.

TESTING FOR ILLEGAL DRUGS

In accordance with section 8A of the South African Schools Act of 1996 the Executive Head of Lambton Christian School or his/her delegate may administer a urine or other non-invasive test to any learner or group of learners that is on fair and reasonable grounds suspected of using illegal drugs. To the extent possible the consent of the parent and the consent of the learner will be obtained. However, the School reserves the right, as contemplated in section 8A of the Schools Act, to test for illegal drugs without such consent.

The School will be in control of the testing programme. The costs will accrue to the parents.

Details of when such tests occur will be kept strictly confidential and only disclosed to those persons who are required to know such details, to ensure that learners cannot determine or anticipate when testing will take place or who will be selected for a test.

- one or more learners on school premises or engaged in a school activity are in possession of a prohibited good

The Principal may without a warrant seize any prohibited good found on school premises or during a school activity, or found on any person who is on school premises or engaged in a school activity. A learner's person and/or personal effects (for example book bag, blazer, sports bag etc.) may be searched whenever the Principal has a reasonable suspicion to believe that the learner is in possession of a prohibited good or when random searches are executed under direction of the School.

All searches will be conducted in a manner that is reasonable and proportional to the suspected illegal activity. Where a search entails a body search of a learner, such search may only be conducted by a person of the same gender delegated by the Principal. A body search includes a visual search and a "pat down" body search. Anybody search will be conducted in a private area and not in view of another learner.

Any seizure of a prohibited good will be recorded in a School record book and the prohibited good will be handed over to the South African Police Service, save that where a stolen item is recovered and no criminal charge against the learner in whose possession the stolen good was found is contemplated, the stolen item may be returned to its owner.

The School's Stand on Bullying

- Lambton Christian School has a reputation for being a Christian school, which demonstrates Christian values and morals. Within this context, it is accepted that there will be a certain amount of physical interaction, a jockeying for position, a creation of a 'pecking order' and even some normal banter which will be seen as 'fun' by the perpetrators. Great care needs to be exercised to ensure that this physicality, jockeying and play do not overstep the bounds of acceptability and degenerate into bullying.
- Against this framework, the school is committed to taking all reasonable steps necessary for minimising all forms of harassment.
- It needs all in the school community to work together to ensure that everyone feels safe and 'at home' in the school.
- Teachers and senior pupils have to work actively at being role models.
- The school regards bullying as a serious offence in terms of its Code of Conduct and will respond to all proven incidents of bullying on the basis of 'zero tolerance'.

Specific Actions to Underpin the School's Stand on Bullying

- The school has a disciplinary committee which will react immediately when bullying is reported.
- Not only will the school support victims of bullying, but will also provide counselling and intervention to the perpetrator.

Failure to abide by this Policy, as with other Policies at New Haven, will result in disciplinary action being taken in accordance with the school's rules and policies on discipline
